Hook Assembled Resin Upper Joint over the top rail. Secure the bottom of vertical to Resin Lower Joint by #12 Sheet Metal Screws, Continue installing verticals in this manner All around the pool.

INSTALLING VERTICALS

Hook Assembled Resin Upper Joint over the top rail. Secure the bottom of vertical to Resin Lower Joint by #12 Sheet Metal Screws, Continue installing verticals in this manner All around the pool.

INSTALLING TOP SEATS

Place each of the top seat over the upper joints and secure with 5mmx16 Sheet Metal Screw.

Install all of top seat in this way around entire pool.

Top seat are installed between verticals.
Each end of top seat rest on upper joint and attached to it.
It may be necessary to move the complete verticals slightly to left or right to accommodate the top seat.
Do this carefully as not disturb the earth mound, Check all screws to be sure they are tight.

For 12' round and all 10' and 12' width ovals use different screws for right and left end of the top seat as shown figure.

End A use shorter screws. End B use longer screws.
