

■ Black ■ Pantone 248 ■ Pantone 322

DIRECTIONS FOR USE

Check your spa pH level using test strips or a suitable test kit. If pH is below 7.4 add two tablespoons of this product.

Dissolve this product in a bucket of water before adding to your spa.

Allow the water to circulate for at least 30 minutes.

Retest pH level and repeat application if necessary until the proper pH level is reached.

Never add more than 2 tablespoons of spa up per 500 gallons of water during any one application.

FIRST AID

Contains Sodium Carbonate. Avoid contact with eyes and prolonged contact with skin.

EYE CONTACT: Flush immediately with clean, cool water for 15 minutes. See physician if irritation occurs.

IF SWALLOWED: If conscious, give 2 to 4 glasses of water and induce vomiting.

SKIN CONTACT: Wash with soap and water. See physician if irritation occurs. Remove and wash contaminated clothing.

IF INHALED: Get medical attention if irritation occurs.

STORAGE AND DISPOSAL

Store in a tightly closed container in cool, dry place. Do not re-use empty container. Wrap container and put in trash receptacle.

KEEP OUT OF REACH OF CHILDREN

pH plus

- Raises pH in spa water
