MADE IN THE USA

Floating Golf Green Instructions

Caution

- ***Not for flotation
- ***Do not swim while green is in pool
- ***Walk green in and out from steps
- ***Do not stand on the green in the pool
- ***Do not jump onto the green while it is in the pool

Installation:

Adjust cup

Attach flag to flagstick. Place flag stick in cup.

If tee box is not flat, turn it over in the sun or fill the fibers and pad full of water to weigh down the edges.

Care Instructions:

While out of pool lay flat.

Do not drag green across pool deck, padding on bottom of green is not stable enough to endure continuous dragging across hard surfaces.

The UV rays from the sun cause the most damage over the years to synthetic grass yarn. The yarn on your floating golf green is manufactured to last 8 plus years. We recommend if you are not using the green you store it indoors or remove the synthetic grass from direct sunlight.

IN NO EVENT WILL Floating Golf Greens, LLC BE RESPONSIBLE FOR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR MISUSE OF THIS PRODUCT.

Thank you for ordering The Floating Golf Green from Floating Golf Greens, LLC. Please let us know if you have any questions or concerns.
